Entered according to Act of Congress in the year 1863, by

HENRY R. HELLIER,

in the Clerk's Office of the District Court of the United States in and for
the State of Maryland.

P R E F A C E.

THE publishers, on presenting to the Public the present volume of the "Baltimore City Business Directory" (being the first edition published by them), beg to thank the business men of Baltimore for the liberal support bestowed thereon, and trust that the work will meet with their approval. The labor and expense which have been bestowed in obtaining the names of our business men have been very great through the influence of Mr. Woods, the publisher of the City Directory, who took upon himself the *personal* trouble of going amongst our business men and informing them that this was an outside arrangement, and requesting them not to subscribe thereto; notwithstanding the drawbacks, we believe that this Directory is the best ever published in Baltimore, at all events, from the number of our subscribers we feel proud to say that a great need has been felt by the business men of Baltimore for a reliable Business Directory.

We shall continue the work annually, *and publish it annually*, and with acquaintance hope that we shall receive your cordial support. We will here take occasion to say that all persons authorized to act as agents for this work are furnished with a PRINTED certificate of authority, signed by the publishers, a reference to which will, at all times, protect the public from fraud.

Our experience in the Directory business is second to none, and we hope by strict attention to the wants of the public to always receive their patronage.

Respectfully,

E. M. CROSS & CO., *Publishers.*

August 25, 1863.

THE SUN.

THE BEST NEWSPAPER IN THE WORLD.

PUBLISHED BY

A. S. ABELL & CO.,

BALTIMORE, MD.

THE SUN is published every morning, Sundays excepted, and contains all the news of the day and night up to the hour of going to press. As an

ADVERTISING MEDIUM,

its value is, of course, proportioned to its

IMMENSE CIRCULATION.

Besides the almost universal circulation of THE SUN in Baltimore, it is in demand throughout all that portion of the country accessible to newspaper enterprise, and allied by general or local interests with the section of the Union from which it emanates and is distributed. And public confidence in its fidelity to the truth and right steadfastly enlarges its popularity and influence wheresoever it is diffused.

THE WEEKLY SUN,
THE GREAT FAMILY PAPER,

Useful, instructive, entertaining, liberal, impartial, and enterprising, and in all the eminent qualities of journalism conceded by its enormous circulation to be unsurpassed in the diversified area of

NEWS, LITERATURE, AND GENERAL INFORMATION.

All who desire to command and enjoy the regular weekly visitation of a first-class household newspaper, should send their orders without delay for the
